

TEACHER'S WORKSHOP

The key to success is dedication to lifelong learning.

The demand of educating young minds in the modern day have risen manifold and so have the demands on teachers. Every year, the teachers are expected to be prepared with the latest changes in educational technology and pedagogy. For this very purpose, teachers attend various workshops conducted by FDRC, CBSE workshops and In-Service training.

CBSE Capacity Building Workshop on **LEARNING OUTCOMES AND PEDAGOGIES**

CBSE Capacity Building Workshop on Learning Outcomes and Pedagogies was hosted by Army Public school Chandimandir on 3rd July 2023. The workshop started with Principal Mrs Suman Singh welcoming the resource persons Mr Ravi Sharma and Ms Kavita Soni followed by the lighting of the lamp.

The session started with the resource persons explaining the difference between learning outcomes and learning objectives. The session highlighted the importance and need of learning outcomes. The components of the learning outcomes were explained. The relevance of Bloom's Taxonomy for creating SMART learning outcomes covering all domains – cognitive, affective and psychomotor was also discussed. The workshop provided valuable insights into designing effective learning outcomes and adopting innovative pedagogical approaches. The session was infused with activities like reflection, making rubrics and marking schemes. It offered a platform for teachers to enhance their instructional strategies and align them with the prescribed CBSE guidelines.

“ Be a lifelong student-

**In the ever-changing world, continuous learning is the key to
resilience and success.**

As educators we must champion this mindset at all the levels”
